

Southern Cruisers Riding Club • Chapter #80 Weiss Lake Alabama

June 4th and 5th

Well we didn't have a big turnout for either ride, but off we went anyway! On the 4th we set sail for 29 Dreams and had a LARGE time! Even though we got totally lost on the way home we were makin' good time. And you know how us guys are about askin' for directions...

Hey we were on a road, still in North Alabama, so we couldn't have been that far off course. As it turned out we went less than 10 miles out of the way, so it wasn't that big a deal...

On the 5th, they trusted me to lead again, (yep it was me that got us lost) We changed plans and decided to head off to Guntersville.

We dropped off the mountain at Scottsboro and turned left. Followed the canopied road that comes into the park the back way...

That is one beautiful ride this time of year!
