

15th Annual Liberty Day Celebration

Aug 2007

On June 30, 2007, Cedar Bluff, AL played host to the 15th Annual Liberty Day Celebration. A car show, motorcycle show, tractor demonstration, bands, vendors and a large fire works display were held throughout the day.

The Weiss Lake Chapter 80 of the SCRC hosted the motorcycle show. Approximately 40 bikes signed up to win the "People Choice Award". There were trophies, door prizes and cash prizes given away throughout the day. The votes were tallied and the top 6 winners received a trophy. It was billed as a fun show, but the competition was very stiff as the owners were soliciting votes for their bike. It was fun to just sit and watch how each owner described their bike and why it deserved to win. A variety of all types of motorcycles were represented from a Boss Hoss trike with a killer paint job, stretched out Choppers, Cruisers, Sport bikes and even a Honda Dream. Although this was the first Bike Show, it will not be their last. Over 15,000 people really enjoyed looking at what the motorcycle world has to offer.

Although only 40 bikes entered the show, over 300 were parked in the reserved bike parking area. Everyone, bikers and non-bikers had a great time, and those that did not enter the show enjoyed telling the crowd about their bike.

Thank to the town of Cedar Bluff, and all our sponsors and the members of the Weiss lake SCRC who worked so hard to make this a big success. See Ya on the road, George, Brenda, and Gizmo

Having too much fun!
