

IN MEMORY OF DARREL BROOKS

On September 24, 2006 the Weiss Lake Southern Cruiser chapter 80 lost a very dedicated and hard working member Darrel Brooks.

Darrel and his wife of 20 years Teresa were two members who could always be counted on for anything the club needed. Darrel was one of those who were always the 1st to arrive for any event or meeting and the last to leave. He also served as one our road captains. His position was in the back where he liked to ride, that way if anyone was having trouble Darrel was always there to help.

Darrel was dedicated to his club, a loving husband, father, grandfather, brother and a friend to many.

He was also, a retired member of the Alabama National Guard.

Darrel left us early in life, but he will be remembered for many years to come.
