

# Trail of Tears

Another episode in the never ending adventures of...  
**The Weiss Lake Chapter of The Southern Cruisers**

Trail of Tears Ride and Club Campout at Tim's Ford.

We had been wanting to do a club camping trip all season, but it's just been to dang hot!

So with the new Trail of Tears route going through Winchester Tennessee and Tim's Ford camping area being so close we decided to make a weekend of it.

We rode up on Friday afternoon, pitched the tents, fed the deer then moseyed on up the river to the Bluegill Grill for some fine seafood... Ever see a white Carp?

I gotta' tell you about George and Brenda's tent, but that's a whole 'nother story in itself!

I'll just post the pictures and see if anyone can figure it out...

Saturday morning we rode back over to Winchester and set up alongside highway 64 and watched the ToT riders come by for what seemed like hours.

We were actually only there for about an hour and half before we packed up and headed out to Lynchburg Tennessee and the Jack Daniels Distillery.

Back to camp for some award winning vittles furnished by our very own Country Boy & company and a relaxin' evening around the campfire...

The kind of weekend that you want to just go on and on...
