

2nd Annual Weiss lake Southern Cruisers Christmas for the Elderly

By Joe Friday
SCRC Chapter 80

I thought it would be easier the second time around. I was wrong. Meeting the residents and seeing the appreciation in their eyes for a bunch of leather clad bikers with an armload of simple Christmas presents is an emotional event and I guess it always will be. We had arranged presents for all 170 residents in the Cherokee County Health and Rehabilitation Center and once again Kim Hays, the Activities Director had extra help on hand to lead us into all the areas and make sure no one was overlooked.

This is truly an event we will continue as long as we are allowed. Thanks go out to all the Chapter 80 members and participants for all their time and effort. A special appreciation goes out to the employees of Cherokee County Health and Rehabilitation Center, Kim Hays and John Boggs who make this possible. And finally our contributors who supplied many of the items: Bargain Barn - Lineville, David Armstrong - Cedar Bluff, JR's Marina, Ron and Winnie Beerman, Biker Shack 411, Hoyt & Rosemary Brooks - Fort Payne, JD Brooks - Leesburg, as well as all the private monetary contributions from individuals. Thank you one and all!
