Dear Mr. Wilson,

I am so sorry there was a conflict with your participation in Liberty Day this year. I nor the Council was aware of the stipulation Mrs Oliver gave you in assessing you \$5.00 per vehicle, nor having you park in the street with the cars. I humbly apologize on behalf of the Council and myself for this situation that happened. Mr Brewster was in charge of the arrangements for Liberty Day, with Mrs. Oliver helping. Mr. Brewster was unaware of the condition Mrs. Oliver rendered until she announced it at the meeting, and he was against this proposal. This will NOT happen again and I hope you will accept this apology and return to be with us as usual next year. I think your plans to contribute to the Christmas for the Elderly is a great project, but I do hope you will consider joining in our annual Liberty Day in 2010. Please convey to your members our apology as well. I am also sorry about the web site, Mrs. Oliver did not have authority to instruct you to take your web site off. Mrs. Oliver has resigned from the Parks and Recreation Board, so she will not be involved with Liberty Day in the future. In the future if you have any issues with town involvement, please contact me.

Sincerely,

Martha Baker  
Mayor, Town of Cedar Bluff Al
