

# SPRING HAS SPRUNG!

## BIKER SHACK 411 CRAWFISH BOIL

Could it have been because it was a beautiful blue bird day as well as the first day of spring? Maybe it was from suffering through the pitiful winter we have just had, even here in the sunny south. Whatever the reason, the turnout on March 20th for Biker Shack 411's 7th Annual Crawfish Boil & Bike Show in Centre, Alabama was record breaking with 1900 motorcycle enthusiast in attendance!

Proceeds from the event went to support the local Spring Creek Volunteer Fire Department who went above the call of duty with traffic control, as well as managing the Poker Run and Bike Show. Good job ladies and gentlemen!

Along with great music all day by Simply Southern Band, John and company's artistry with the mudbug cookin', and Tony's crew from the Steak Barn, sponsors Full Throttle Magazine were in the house along with Dixie Abate of Alabama who where explaining their mission statement and signing up new members. Many biker games were played and Ronald Nelson won the People's Choice trophy for his beautiful Big Dog.

It was a welcomed and needed day to renew old acquaintances and just to get out and enjoy some sunshine for a change! Looks like spring has finally sprung!
